

Accelerate construction projects with eSignature workflows

Create and send documents for signature to multiple recipients, track their completion status, and securely store executed documents — all without leaving Procore.

Close contract lifecycles quicker

- ✓ Collect signatures from multiple recipients **24x faster**
- ✓ Reduce document errors by **70%**
- ✓ Save up to \$30 per document by eliminating the need to print, scan, and send

*Based on internal airSlate data

Why signNow for Procore?

Increase project efficiency

From contract preparation to approval — speed up construction workflows. Automatically pre-fill a contract with Procore data and send it to multiple recipients in a role-based order.

Delight your teammates and clients

Provide your signers with a consistent signing experience. Teammates and customers can sign your documents in seconds, on any desktop or mobile device, even while offline.

Stay up-to-date

View detailed information on document changes using the court-admissible Audit Trail in your signNow account.

Access executed documents

Easily access your completed documents right from your Procore account — on any device, anytime, anywhere.

Improve accuracy

Reduce errors and misplaced data with fillable fields and automated signing guidance.

Maintain security and compliance

signNow helps protect documents and customer data with industry-leading security and compliance standards such as HIPAA, SOC 2 Type II, 21 CFR Part 11, PCI DSS, and CCPA.

Get started today and see why thousands of customers prefer signNow for its ease of use when sending, signing, and storing documents safely and securely.
