

An e-signature solution for collecting NBA agreements

The Santa Cruz Warriors are a professional basketball team competing in the NBA G League, and they often partner with medical causes and events in their community. These activities require the Warriors' staff to process a number of different forms and waivers on a weekly basis.

Warrior’s challenges before using signNow:

- ✗ Processing paper documents was time consuming and hard to track
- ✗ Collecting signatures on paper waiver forms was inefficient and slow
- ✗ Storing paper documents was manual, requiring photocopying and scanning

Results achieved with signNow:

Eliminated paper documents and streamlined contract approval processes

Completed signed waiver forms in seconds on a mobile device, even while offline

Protected all personal and medical information according to industry-leading security and compliance standards

Archived completed documents automatically and securely

“
We’re really excited to be partnering with signNow. We’ve been able to work with all our other sponsors in a few different ways in order to get our contracts signed much faster and much more efficiently. And we’re really excited about the possibilities to come.

Chris Murphy
President
of the Santa Cruz Warriors
